

Faculty Position in Polymer Chemistry

Middle East Technical University Department of Chemistry invites applicants for faculty positions (tenure-track and/or tenured) in the area of polymer chemistry. Candidates specialized in **synthesis and characterization of polymers /polymer blends/ composites and /or investigation of rheological properties of polymers are preferred.**

Senior candidates at the Associate or Full Professorship level are expected to have a thriving research program that is externally funded; junior candidates at the Assistant Professorship level will be expected to develop external funding to support research endeavors. All candidates are expected to teach at the graduate and undergraduate levels. The deadline for application is **15 May 2017**. Applicants should have a Ph.D. in the relevant field at the time of application and postdoctoral experience is highly desirable.

Candidates must e-mail their profile to “ tanyeli@metu.edu.tr ” with subject of “faculty position” and electronically attach the following: a letter of interest, vita, names and contact information of three to five professional references, and statements of research interests and teaching philosophy. Applicants for the assistant professorship rank should arrange to have three confidential letters of recommendation to be sent by email to tanyeli@metu.edu.tr.

A minimum TOEFL iBT score of 102/120 (or equivalent) is required. Please check the site “ <http://pdb.metu.edu.tr/ogretim-uyesi-atamaları-icin-gecerli-minimum-ingilizce-sinavi-puanları> ” for details.

Questions regarding the application process should be directed to:

Prof. Dr. Cihangir Tanyeli

Department Chair
